

MIMO 50

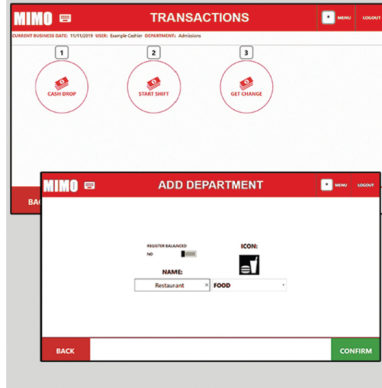

A smaller footprint cash-handling solution
perfect for under-counter use or
businesses with a lower cash volume.

Did you know most managers spend over 20 hours per week dealing with cash? Most cashiers even report spending up to 45 minutes per day just counting and sorting their cash!

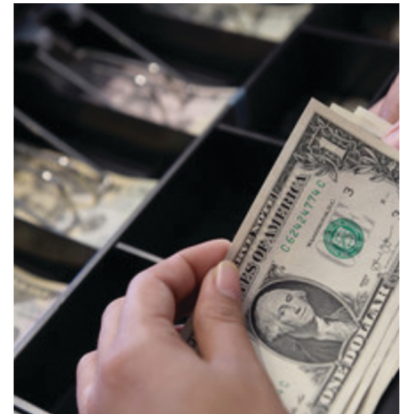

Real-time inventory status

Compact and streamlined cash cassettes and coin hoppers offer secure and controlled storage of your inventory.

Simple software built for speed

MIMO CORE's intuitive response, flexible interface, and user-friendly design makes using MIMO easy for your whole team.

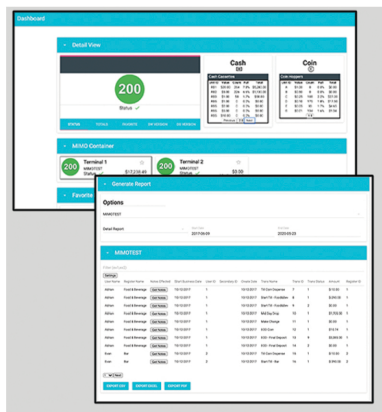

Fast and accurate authentication

Eliminate errors and reduce the amount of time spent handling cash. MIMO 50 improves efficiency and the cashier experience.

Cloud-Based Back Office reporting

From your desk or home office you can access data, customize alerts, and track inventory for multiple MIMOs across various sites.

Manage up to a year's worth of data

Detailed reports and activity logs make reconciliation and auditing a breeze! MIMO can even print a bank deposit slip.

Export to your preferred format

Securely monitor your cash levels and download employee transactions from any computer, tablet, or smart phone.

One size never fits all.

Break free from your routine with a scalable solution designed to simplify your time-consuming and expensive daily cash responsibilities. MIMO 50 is a cash and coin recycler that prepares banks, makes change, verifies drops, secures your inventory, and elevates your Back Office with detailed reports.

Specifically engineered for small to mid-size retailers, MIMO 50's compact design includes all of the cash-automation features that customers have come to expect from MIMO Cash Handling Solutions, streamlined for those with more limited space.

Without the pressure to sort count, and validate cash, MIMO 50 gives your team the freedom to focus on improving your business and the customer experience.

**Most MIMO
customers
see an ROI in as
little as 12
months!**

MIMO's dedicated experts will help transition your business to cash-automation, working alongside your staff every step of the way. From professional installation to in-person and virtual training sessions, you can finally shift your focus from cash to customer.

With online courses, video tutorials, proactive diagnostics, and 24/7 support, we guarantee you will feel confident with every aspect of MIMO operations.

MIMO

MIMO was founded in 2010 with one vision in mind: to engineer the next generation of cash management technology. More than 10 years later, MIMO's cash recycling software has only gotten stronger, faster, and more innovative. We're proud to work with so many partners in the retail, gaming, hospitality, cannabis, and entertainment industries who trust MIMO to provide five-star service and immediate results.
